

# Vario D2 – Frame Display

## Product specification:

A visually striking system with straight or curved frames for the prominent display of sales messages. Seamless connections enable the addition of any number of frames. OCTANORM slots on the side facilitate various additions. Accessories such as spot lights and brochure trays are

available. High-quality aluminium supports and notches in anodised finish give this system a sophisticated look. Its light weight and easy set-up make Vario D2 an important standard display system.

## Covering:

Can be used with a wide range of materials including textiles, tarpaulin, vinyl mesh and flag fabric materials.

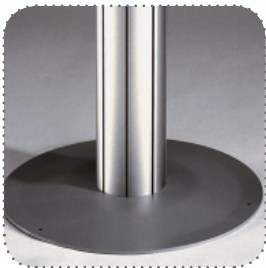

## System Formats:

Height of props: approx. 2010 mm  
Straight frames: .....700 mm or 1000 mm in width  
Curved frames: .....700 mm or 350 mm in width

## Sample display:

## Accessories:
