

# ZipUP/Big Zip

## Product specification:

Zip Up, a collapsible brochure holder, unfolds within seconds and is ideal for events of all kinds. Zip Up displays your brochures at key points and unfolds in no time at all. It has four to eight brochure trays made of shock resistant die cast polycarbonate, which are connected by a system of rods

made of anodised aluminium. A solid wooden base ensures stability; silver and natural options are available. A nylon carry bag guarantees easy transportation. Brochures can remain inside the tray during transport.

## Facts:

- A3 and A4 formats available
- solid and hard-wearing
- beautiful: base made of beech wood with optional silver powder coated finish
- a range of four to eight trays
- looking good: brochures can remain inside the tray even after dismantling
- nylon carry bag included
